# Inception of Bhajan Vikas

Bhajanvikas is the first of its kind initiative started by Kanchipuram gents group in 2010 for Bal Vikas boys and gradually the training was extended by Mahilas to include Bal Vikas girls as well. Bhajan Vikas is a unique training program designed to induce the Bal Vikas children to understand the significance of bhajan singing and its basic requirements. It is a 12 weeks program and is being meticulously conducted for the last 7 years from 2010 to 2017 in our district.

- ❖ The certificates of the first batch of Bhajan Vikas students were taken to Puttaparthi and Bhagawan blessed the certificates, and asked for the children who participated in the course so that He could distribute the certificates to them Himself. Swami also abundantly blessed the course and encouraged us to continue this effort. The course includes project work and by way of encouragement, children are awarded special prizes - medals and trophies – along with a certificate of appreciation to all Bhajanvikas students .The journey which started with Bhagavan’s blessings continues to this day with the mission of making the young minds realize the bliss of bhajan singing

# BHAJAN VIKAS - CONTD

**Unique training approach** : The comprehensive course content includes audio-visual methods and lectures with due accompaniments for bhajans, inculcate discipline in the children by insisting on erect sitting posture, humming, sustaining and lip-rolling practices, Pranayama, insightful games and a bhajan training kit handed over to every student.

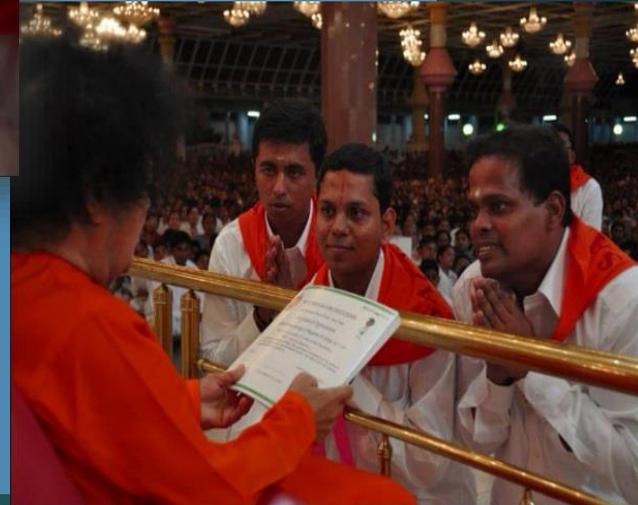

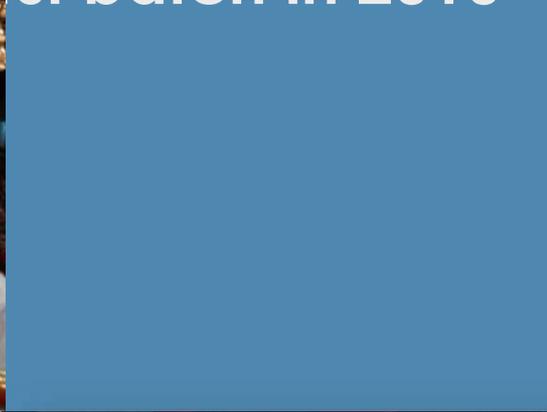

A sadhana sheet is given to the student to be followed everyday as guidelines given by Bhagavan for His chosen children. This sheet is closely tracked and student's progress monitored every week. Most important aspect being the Final Project where Students would work on a bhajan theme given and showcase their creative skills using charts, thermocol models etc .

A grand **Valedictory function** is conducted to commemorate the successful completion of the course and noted dignitaries in the music world who are in Sai fold are invited as Guest of honor to motivate the children to excel and shine through as Sai children.

A **Bhajan retreat** program was held in 2014 which served as a common meeting ground for all Bhajan Vikas girl students from previous batches .They shared their experiences and transformation journey on how the bhajan vikas program moulded their personalities, boosted their confidence in rendering bhajans & took them closer to Bhagawan.

Many parents have lauded our efforts and pointed that there were improvements in the children and the family as a whole. Our Swami's mission– overall development of the child – had been fulfilled to a large extent by His Grace and blessings and happy to highlight that other districts have also started Bhajan Vikas program taking cue from our district.
