Foreword from District President:

With the blessings of Swami, ever since the district has been formed, attempt has been made to streamline activities being taken up by various samithi's attached to the district as well as in coordinating district level activities. This approach has once again given us impetus to rejuvenate our approach and revisit the same with more vigor and zeal. Various ongoing service projects which have been in the pipeline for the past couple of years are continued and a few more are taken up as per the directives of the State and a consolidated effort is made here, to place the same, as an offering at the lotus feet of our beloved lord Bhagawan Sri Sathya Sai Baba.

Throughout the period from January 2019 to June 2019, there were umpteen number of seva kusumum's and with Bhagawan's blessings, the district is emerging as a powerful platform to serve the society to the utmost satisfaction of the real beneficiaries and thereby redeem our own lives.

As a part of this ongoing exercise, a clear roadmap has been drawn based on the guiding principles and procedures laid by our organization. The progress and functioning of the District and samithi's has been reviewed from time to time with various meetings at both samithi and district levels. While doing so, refining the methodology of working without any compromise on maintaining strict spiritual discipline which govern it's working and adhering to clear cut rules and regulations laid by the Organization has been kept clear in mind.

Based on this approach and positive thinking, we feel there has been a clear advancement in terms of rendering service to society and members can reach out to larger sections of people. In the process, the District has shaped out to be a front runner in extending a helping hand to serve the real needy by taking up several public-oriented activities.

All the nationally designed programs like SSSVIP, SSSNNS, SRP and SSST have been taken up and are continued and as part of this continued effort, they are on a structured performing level with trained sevadal shouldering responsibility for each project.

Spiritual, educational and service wing have been conducting several programs keeping the contemporary needs of the society to establish all earnest seekers on the spiritual path. Overall, there has been a spurt in various spiritual and educational activities as can be seen from the photographs attached.

Several activities like Sri Sathya Sai Grama Seva Mahayagnam Gruha bhajans at villages and uncovered areas within samithi jurisdiction, Mathru Pooja activity at Vidayjyothi schools, paduka Pooja by the village folk who had taken part in the Grama seva maha yagnam are a few to mention the spiritual zeal with which the devotees have taken part with dedication and commitment.

Several talented Balvikas children at different levels taking part in Radio sai programs and taking part in rehearsals shows the commitment with which our Balvikas gurus have been taking the mission forward and supporting the District at various levels in all fields.

As Swami often says, mahila's are the backbone of any activity taken up by the organization. Their services are commendable and we find there has been an increase in their participation in all fields and shouldering responsibilities. The interest and zeal with which the young Mahila youth have come forward for taking part in medical camps registration and the ease with which they have been accomplishing their task proves their talent and endeavor in completing the task assigned. We are extremely thankful to all such talented souls and hope to receive this support in new projects which we plan to take up in the coming months.

Maggam training has been another activity which is being continued at various samithi's within the district and this activity has received tremendous response from house wives and mahila youth in the District. Several trained youths and housewives have started their own livelihood in the past couple of months.

Another notable aspect has been the focusing on expansion of the District both at District level and samithi level. The Sri Sathya Sai Grama Seva Maha Yagnam project has come handy and a good number of villages identified during this period have responded to the Gruha bhajans both at village levels and at uncovered areas of samithi levels. The response we received for the Paduka Pooja

Mahotsavam at Sivam in the month of July is amazing and a testimony to the efforts put by our sevadal in taking up this project on war footing and motivating the village folk and new devotees within the samithi level. We offer our humble salutations to Swami for giving us this golden opportunity.

As part of the ongoing project of expansion of the District, several new bhajan mandali's have come into vogue during this period and efforts are on to increase the same in some more samithi's. We hope, the forthcoming 94th birthday celebrations of swami should give us scope for enhancing our bhajan mandali efforts.

Several events in which Balvikas children took part like national events (Republic Day and Independence Day), water camps, educational competitions and walk for values are noteworthy. The inspiration shown by the children encouraged and motivated more children and parents to take part in the events, leave alone the participation of our elder devotees. Expansion opportunities were facilitated with the induction of more and more potential leaders and organizers to take Bhagawan Baba's teachings to every nook and corner of the district.

Another notable progress by the district has been the Medical camps taken up at both Samithi and District level. A record number of beneficiaries avail the facility in both allopathy and homeo disciplines. The monthly medical camp in the District (details of which are attached in the report speak for itself the response from the village folk. Follow up cases are dealt in the city with free consultation and medication besides giving them counseling from time to time. Several cases treated surgeries during the fag end of the last year have been re-visited and their needs attended to. A record number of cataract surgeries and providing of glasses to needy people have been taken up.

The photographs of various activities taken up by the District as reflected in the annexure is a testimony of the zeal and commitment with which our sevadal have been taking up activities at both Samithi and District levels.

Wish to humbly submit here that with the tremendous support being received from all devotees and sevadal in the district, we are marching ahead with integrity, dedication and commitment in the path of excellence.

On behalf of the entire Seva Dal force and the devotees of Medchal – Malkajgiri District, I pray our most beloved Bhagwan to bless us, guide and guard us in all our endeavors.

We, all resolve once again, to offer ourselves to extend the same spirit of seva in the coming years and become worthy instruments of the divine. Pray swami to shower his grace on one and all.

With all humility,
placed at the lotus feet of Swami
Ever in Sai Seva

Wings of the Organisation:

The Sri Sathya Sai Seva Organisation functions under three wings viz. (i) Spiritual, (ii) Education, and (iii) Service.

Each activity in a wing is directed to facilitate and help the member in his own spiritual advancement. Although, the nature of activities undertaken under different wings appear to be distinct and dissimilar, but there is an inherent interrelationship amongst all the three wings. The three wings stand for Worship, Wisdom and Work

Spirituality and Service are supplementary and complementary to each other. Spirituality is the motivational force behind service and service is the fulfillment of spirituality. Therefore, spiritual concepts learnt through education must be put into practice in form of service to humanity. Thus, to successfully realize the objective of joining the Sai Organisation, one must participate in activities of all the three wings.

Administration of the Organization:

Headed by an All India President who is supported by the National Vice Presidents and State Presidents, the Organisation functions like a well-oiled machine in the District under the stewardship of the District President, focused on its purpose, clear in its vision and dedicated in its efforts to live up the Swami's message – "Love All, Serve All".

The Samithis and the Bhajan Mandalis constitute a genuine spiritual movement where the members are united by a common bond – Love for God and Service to fellow human beings.

The members of the organization work as one cohesive unit, whether as sevadal providing service at Prashanthi Nilayam, at medical camps, doing Narayan seva or the Balvikas gurus who work with young children to inspire in them a desire to inculcate the five human values of Truth,

Righteousness, Love, Peace and Non-violence, or the teachers who having undergone the training in EHV help in guiding the young minds towards the higher goals of life or the Sai Youth who work tirelessly in the Sri Sathya Sai Village Integrated Programme and Sri Sathya Sai Vidya Jyoti Programme – each of them are bound by one goal –

“Service to Man is Service to God”.

Sri Sathya Sai Seva Organizations – Medchal Malkajgiri district

Brief History

With the blessings of our Lord Bhagawan Sri Sathya Sai Baba varu, the new district under the name of Medchal – Malkajgiri came into existence since July 2017 after formation of the Telangana State having 31 districts under its control.

Prior to the formation of the new District, 5 samithis from (Alwal, Bhagyanagar, Fateh Nagar, Jeedimetla and Kukatpally) erstwhile Ranga Reddy District which was functioning under the stewardship of Sri M. Satyanaryana followed by Sri Ram Kuchel as District Presidents while samithi's from Hyderabad district (namely A S Rao Nagar, Begumpet, Bowenpally, Habsiguda, Kushaiguda, Malkajgiri, Medipalli, Nacharam, Safilguda and Sainikpuri) which were carrying out activities with Sri M V R Sessa Sai as District President came into the administrative control of the new District with Sri M. Somasundaram as its District President.

After taking over the administrative control of the District, Sri Somasundaram nominated as many as 31 district office bearers for various disciplines like spiritual, service, educational, medical, expansion etc. etc. with a number of joint coordinators to take care of various activities.

A new samithi by name SAKET came into existence after his taking over and as many as 14 bhajan mandali's formed under various samithi's which are functional as on today, while a few more are in pipeline. We hope to make them operational, shortly.

As regards the historical background of the district, the District is fortunate enough to have the Kushaiguda temple of Lord Shiva well known and famous for Maha Sivarathri celebrations like Srisailam, has Ratnalayam, the Saraswathi Temple located at Shamirpet, the famous Shamirpet lake well known for film shooting, has the JNTU educational institute located under Kukatpally mandal, the famous Housing Board colony of Kukatpally which house many IT personalities and Health Institutions with Medical support who operate all, round Twin cities as well as the IT community of Kondapur and Cyber city. Thousands of devotees do live within the district limits but are scattered all over, as the area of jurisdiction of the District limits is vast.

We do have the erstwhile Begumpet airport, Department of Atomic Energy (AMD) for Uranium Exploration located opposite to the well-known Hyderabad Public School (HPS) in Begumpet, as well as several other national institutions like the famous National Geophysical Research Institute (NGRI), National Institute of Nutrition (NIN), Centre of Cellular Molecular Biology (CCMB) at Habsiguda – Nacharam limits, Electronic Corporation of India (ECIL), Nuclear fuel Complex (NFC) and Tata Institute of Fundamental Research (TIFR) balloon facility under A S Rao Nagar domain, a number of Medical institutions and /diagnostic Centers of Apollo and Yasodha attached and many more. The spiritual abode of Sundhara Chaitanya Swami of Dundigal also falls under the District Limits.

It is a very difficult to ascertain the number of followers of Bhagawan Baba and within the short period of formation of the District, it is difficult to give the exact figure, may be in due course we may be able to arrive at some figure which also may be only approximate in nature. We do come across several old and ardent devotees of Swami narrating their vast experience with swami.

We are in the process of taking note of such instances and may be our team of Radio Sai Volunteers would come out with various experiences which have been broadcast under their Radio Sai programs or are being in the process of recording.

The district, with the blessings of our lord has quite a good number of committed, responsible and duty conscience sevadal who are as on today the gems of the district in carrying out activities without any discomfort to anyone. Various activities like regular monthly medical camps, veterinary camps, spiritual activities, education wing activities are in vogue without any hindrance or gaps ever since the district has been formed. The Sri Sathya Sai Vidya Jyoti activity and Sri Sathya Sai Grama Seva Maha yagnam activity are a testimony to the committed service of the devotees of the district.

The following information would, I hope, give you a glimpse of the various activities being taken up by the District after its formation.
