

Sri Sathya Sai Seva Organisation

Guwahati, Friday, 01/05/2020;

Sri Sathya Sai Seva Organisation Assam, and Sri Sathya Sai Trust Assam, through Sathya Sai Samithi Guwahati organised a unique program today. Today, we prepared lunch for Narayan (economically marginalised people) and handed it over to the Assam Police department headed by Inspector Harmohan Kalita, SB HQ. The cooked food was sent to Guwahati Railway station slum area and the other area called Moriya Patti in Uzan Bazaar. At railway station we provided lunch to around 150 people and at the latter, to around 250 people. The people from the community had undue happiness written all over their faces. Their hunger was finally addressed and their thirst finally quenched, and their satisfaction and gratitude was evident. It was a pleasant sight, looking at the faces of the children, the specially able and the people in general gathering around in a well sanitized manner to collect the distributed food. The whole program was managed by the Assam Police following the rules & regulations laid down by the government and the SSSSO mandate.

There will be no Seva work on Saturday and Sunday, i.e., 2nd and 3rd of May, in lieu of the fact that the people from the Police department won't be in a position to help us for the aforementioned dates. We shall let you know, once we restart our Seva work hereafter.

Before parting, I want to share a beautiful experience regarding Baba's saying, "If you take one step towards me, I'll move ten steps closer to you." As all of you know, when in time of lockdown, we started our Seva work; we had limited resources as well as very few Seva Dal members who agreed to do Seva. Nonetheless, everything went smoothly with Baba's blessings. We had to take all the steps with the prescribed precautions and under a fixed mandate of the government's regulations as well as the organisation. I am grateful to all of them, without whom this Seva would not have been a success. I conclude with an experience from this morning, when a person called me up to tell me that, "You people are doing a very noble work during this lockdown period. I have seen some electronic news as well as read newspapers which articulated your work, and i am

calling you this early in the day so that we can discuss if i can contribute towards this cause."

The Seva will continue to go on with this spirit.

Jai Sairam

Dibrugarh Samithi

Sai Ram. In continuation of Seva works for the prevailing situation of health crisis in the country the Sri Sathya Sai Seva Samithi Dibrugarh undertook the second phase of service activity by distributing packed food to the poor and needy people of Dibrugarh on 01/05/2020. The programme was undertaken under the guidance and permission of District Administration. Altogether 140 packets of fried rice with vegetables and a water bottle we're distributed among the needy people. People were first asked to sanitize their hands and also maintain strict social distance. The programme started at 8 am and ended at 1.00 pm. Altogether 14 Sevadal participated during packaging.
