Dear Sir

We are grateful to Bhagawan for having created a system where all live for God. It was really heart warming to see how members of Sri Sathya Sai Seva Organisation came together and took active interest in this task to ensure that Bhagawan's students reach home safely without encountering any difficulty on their way.

We thank you for all the support which you have provided by coordinating with the State Presidents and by instructing the District Presidents, Office bearers and volunteers to support movement of our students in these difficult times.

We really appreciate your loving enthusiasm as well as that of all District Presidents, Office bearers and volunteers who irrespective of the time of the day ensured that they were there to assist our students during their transit.

We request you to kindly convey our heart felt thanks to all those who are involved in this task.

We pray that Bhagawan continues to shower His loving blessings on all of you.

With warm regards,

Yours sincerely,

Registrar
