AIP Circular-69 Dated 14-11-2020

Sub: Collective united celebrations of Bhagavan Sri Sathya Sai Baba's 95th Birthday

Dear Brothers and Sisters, Sai Ram

In tune with our commitment to celebrate Swami's 95th Birthday in the homes of all devotees, please find enclosed a full day programme for 23rd November, 2020. This programme will not conflict with your state programmes or the programmes to be telecast from Prasanthi Nilayam.

The whole programme which is enclosed below in Hindi and English is designed for every member of the family to offer dedicated Sadhana in action based upon the nine forms of Bhakti as explained by Bhagawan Himself.

What better flowers of devotion can we offer to HIM on HIS birthday than the ones which are most dear to HIM.

I have to pray to Swami that He blesses us all to join the early morning segment of the programme from 6 am to 7.30 am. So that we start the birthday celebrations together in one voice. I am aware that many have a daily routine but participating together is great energiser.

It is my humble prayer to Swami that each and every devotee all over along with his or her family join this morning "start of celebrations" of practical spirituality where the whole nation collectively participates and wishes Swami in a prayerful manner. The power of collective prayers will bring upon the entire world the Grace of Bhagawan.

The rest of the day's programme is equally important to follow. However, the same can be followed at the family level as per the time schedule of each family.

Shortly a link will be shared for all. Some videos and material will also be shared. Kindly share this with all devotees and motivate them to join with their families. Please do translate in your local languages if required.

Let us light up our homes and celebrate the realisation of the presence of Swami in the altars of our heart and that of our family members.

Lets become One with Swami.

Loving Regards

Yours in His Service

Nimish Pandya, All India President
