Sri Sathya Sai Seva Organisation-India

AIP Circular-08 Dated 01-02-2021

Dear Brothers and Sisters, Sai ram

One of the many ways of Seva apart from physical seva in various forms is the seva to share the Divine message of the Avatar. In today's world it is not only that people suffer at the physical level but the stress at the mental level is also tremendous.

In my opinion sharing the Divine Message of Swami can also solve many sorrows and stress of the modern man. Our seva of sharing the Divine Message can save lives and bring happiness and joy in people's lives. Many despite suffering put up a brave front. Our sharing Swami's mellifluous Voice and Divine Message can bring unbelievable succour to Mankind.

I believe that each one of us whether we are members of the Sri Sathya Sai Seva Organization or not must vow to share the Divine message every Thursday to as many people we know. I am sure this seva can perform miracles not only in our lives but also in the lives of many who will receive it.

We By default and with a great enthusiasm share so many worldly things on social media. Can we not for a change share with the same enthusiasm the Divine Message? **Come let's all come together and do so as a personal seva Sadhana for the bliss and happiness of all mankind. Our efforts in this direction spread over 5 years will be a great act of Seva at the Divine Lotus Feet.**

It was felt that in large parts of the country (particularly in northern India) in villages people do not understand English and as such it is decided to prepare and send the Sri Sathya Sai Answers videos in Hindi also. I am inviting all Hindi speaking devotees to a webinar in Hindi on Sunday 7th February, 2021 at 7 PM on our Official Sri Sathya Sai YouTube Channel
i.e. [sssoindia.org/live](https://www.ssssoindia.org/live) or youtube.ssssoindia.org

Every Devotee speaking Hindi is invited to join this session. A special link will be shared for the State Presidents and State level office bearers shortly. Please share the YouTube link with all devotees.

Dr Shashank Shah will conduct this webinar in Hindi.

Loving Regards

Yours in His Service
